

## DELP 2017 Workshop (DELP-2017W) May 22, 2017 Makerere University

School of Food Technology, Nutrition and Bioengineering - Conference Hall,  
Makerere University

### Call for Abstracts

Abstracts of not more than 150 words are being sought for a research workshop aimed at sharing and discussing recent developments in utilization of emerging Open Distance and e-Learning (ODEL) technologies to co-create knowledge and leapfrog distance education practices.

### *Theme: Co-Creation of Knowledge Through ODeL*

#### Topics

- Usability and User Experience in Virtual Learning Environments
- Social Media for Learning
- Flipping Classrooms
- Massive Open Online Courses
- Mobile Learning
- Blended Learning
- Designing Online Learning Systems
- E-Marking and Assessment
- Collaborative Learning
- Gamification

#### Notes:

- This is a double blind peer-reviewed workshop.
- Accepted abstracts will be included in the workshop proceedings.
- Exceptional papers will be transformed into book chapters and included in our forthcoming book: "Utilizing Emerging Educational Technologies to Leapfrog Distance Learning"
- Key Notes speakers will include: Prof V. Ssembatya and Assoc. Prof G. M N. Isabwe
